PROBABLE CAUSE

That comes now Arkansas State Police, Special Agent Creston Hutton, the investigating officer assigned in this case, and on or about the 19th day of August, 2020 the above-listed offenses occurred.

On August 19, 2020 at approximately 7:00 p.m., the Jackson County Sheriff's Office (JCSO) received a call in reference to a missing female, identified as Sydney Sutherland. On August 20,

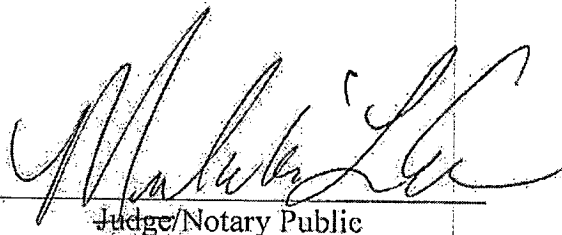

2020, during a search for Sutherland near her home, law enforcement located Sutherland's iPhone in a field along Jackson County Road 41 South, which is approximately 1.3 miles from her residence. Quake Lewellyn was interviewed by agents and Lewellyn stated that he observed Sydney Sutherland running on County Road 41, before her disappearance. During a consent search of Quake Lewellyn's phone, agents located a location services application which tracks the phone's geographical location. Approximately an hour after Sutherland was discovered missing, Lewellyn's location services application indicated that he was at a geographical location approximately 2.36 miles from where Sutherland's phone was located. On August 21, 2020, Sutherland's deceased body was located just a few yards from where the location services application indicated Lewellyn's location was. Also during the same day, while being interviewed after being Mirandized, Lewellyn stated that he struck Sutherland with his vehicle. Lewellyn stated he then loaded Sutherland up into his pickup and transported her to the area indicated on the location services application. Lewellyn then stated that he then took off her shorts and raped Sutherland then buried her at that location. The Arkansas State Crime Lab determined Sydney Sutherland's manner of death as homicide.

I swear that the allegations contained therein are the truth, the whole truth, and nothing but the truth.
